Pedelec 1.1 steel blue M

STAY SAFE AND STYLISH IN ROAD TRAFFIC

Modern city life needs a helmet to match. Just like the Pedelec 1.1 - a combination of comfort and protection of the highest quality.

Reaching your destination without traffic jams, no annoying search for a parking space and doing something for your own health - the bicycle is simply part of a modern urban lifestyle. Just like the matching helmet. It should protect, be practical and above all, comfortable.

The Pedelec 1.1 easily meets these high demands. With its numerous adjustment options, it adapts optimally to any head shape. And its integrated tail light offers additional passive safety in road traffic.

Technologies

- Double shell In-Mold for durable fusion of the outer shell and the shock absorbing helmet material (EPS)
- Deep temple and neck protection
- Zoom Evo Adult - precise adjustment system with handy wheel
- Size adjustment via half ring made of robust and flexible plastic for ideal stability and adaptability
- Big, highly positioned LED rear light with 180° visibility
- Removable and washable padding
- Soft touch straps easy to adjust by practical sliders
- Rain cap integrated in the helmet
- Foamed in fly net
- Special lower edge protection against wear
