Primo 5510K/180 black + bracket SCMU

FLEXIBLE SECURITY FROM ABUS

With this bicycle lock, you can quickly and effectively provide basic protection with a low risk of theft.

The Primo 5510K Spiral Cable Lock from ABUS is the answer if you are looking for a bicycle lock for your entry-level bicycle or a children's bicycle. When folded, the ABUS lock can be easily transported in the Snap Cage mount mounted on the bike. The 10 mm thick, super-flexible spiral cable offers effective protection when securing the bike around a solid object in regions or in places with a low risk of theft. In addition, we recommend using the Primo 5510K Spiral Cable Lock as a secondary lock for an additional bicycle component lock.

Technologies

- 10 mm thick, high-quality and super flexible spiral cable
- Plastic coating to prevent damage to the bicycle’s paintwork

Operation and use

- Good protection at low theft risk
- Recommended for securing entry-level and children's bikes

Tips

- Coil cable locks offer a compact transport size and have an extremely multifunctional and practicable length
- The lock is ideal as a second lock for securing components
