

For flexible surveillance camera installation with optimal power supply at all times: The extension cable is compatible with ABUS Smart Security World cameras (PPIC32020, PPIC32520, PPIC34520, PPIC42520 & PPIC44520). It extends the power cable supplied by 3m, thus ensuring greater flexibility when selecting the installation location. The cable is simply connected between the camera and the regular power cable. The extension cable is intended for indoor use only.

Technologies

- Pre-assembled extension cable for DC plug 3.5 x 1.35 mm
- Suitable for all ABUS Smart Security World cameras
- Flexible installation of cameras
- Length 3 m

Technical data - 4003318879128

AC voltage supply	max. 300 V
Cable diameter	2,95 mm
Cable length	3 m
Cable type	16AWG
Connections	DC plug 3.5 x 1.35 mm (male + female)
Cross-section wires	1,31 mm ²
Diameter	2,95 mm
Input voltage AC	max. 300 V
Line resistance	0,3 M Ω /km
Max. operating temperature	80 °C
Net weight	0,1165 kg
Resistance	0,3 Ω
