GRANIT™ XPlus™ 540/160HB300

RELIABLE PROTECTION TO MEET EVEN THE HIGHEST SECURITY REQUIREMENTS

Be fully reassured, despite the risk of theft: The ABUS GRANIT™ XPlus 540 is exactly the right choice for when you have to leave your bike in a rather unsafe area.

The strong 13mm parabolic shackle, the sturdy lock body and the supporting elements of the locking mechanism of the GRANIT™ XPlus are made of specially hardened steel. The innovative, patented ABUS Power Cell technology also protects your motorbike effectively against hitting and pulling attacks. And the ABUS XPlus cylinder in the GRANIT™ XPlus 540 shows lock-picking thieves the red card.

This quality U-lock is supplied with 2 keys, one of which is an LED torch key. Should you need additional keys, or even a replacement, simply contact us directly with the ABUS Code Card provided.

Technologies

- 13 mm square parabolic shackle (17 mm with coating)
- Double-locking mechanism securing the shackle in the lock body
- ABUS (patented) Power Cell technology offers the highest protection against hitting and pulling attacks
- The shackle, the lock body and the structural parts of the locking mechanism are manufactured using specially hardened steel
- ABUS XPlus cylinder for exceptionally high levels of protection against manipulation attempts such as picking
- Two keys are included in the scope of delivery
- Automatic cover to protect the keyhole from contamination and corrosion
- ABUS Code Card for additional and replacement keys
