Pedelec 2.0 motion white M

MADE FOR THE CITY

The Pedelec 2.0 is designed for high-speed e-bikes, but is perfect for any rider wanting a feature -packed commuter helmet, with an uncompromising combination of protection and comfort. Complemented by clever features, it is the ideal companion for the daily commute.

In big city traffic, a helmet is a must, and the Pedelec 2.0 delivers with full coverage at the front and back of the head, and includes plenty of useful features.

The Pedelec 2.0 features include an integrated rain hood, rechargeable rear light, Fidlock magnetic buckle and plenty of reflective striping.

Technologies

- This NTA 8776 helmet is a helmet that complies with the requirements in the Dutch Technical Agreement (NTA) 8776.
- In-Mold for a durable connection with the outer shell with shock-absorbing helmet material (EPS)
- High visibility due to powerful reflectors
- Large, highly mounted and integrated LED tail light with 180° visibility
- Forced Air Cooling Technology: Sophisticated ventilation system for an optimal head climate
- Excellent ventilation with 4 air inlets and 9 air outlets connected with flow channels
- Ponytail compatibility: Helmet well suited to plait wearers
- Zoom Ace Urban: Finely adjustable adjustment system with handy adjustment wheel for customisable fit
- Size adjustment by means of a half ring made from particularly hard-wearing and slightly malleable plastic for optimal stability and form fitting
