Booster Pro 670/180-15LL + bracket URB

CONVENIENT AND SIMPLE

The Booster 670 Spiral Cable Lock offers optimum basic protection and is very easy to use.

With this bicycle lock, you can connect your bicycle conveniently, easily and quickly to a fixed object. You do not even need a key, as the Booster 670 Spiral Cable Lock engages directly thanks to the special ABUS automatic locking technology. In addition, the ABUS automatic cylinder is equipped with a drilling protection, which makes the drilling into and drilling open of the lock considerably more difficult for potential thieves. If the Booster 670 Spiral Cable Lock is not required, it can be conveniently transported on a special holder on the seat post.

Technologies

- 15/32" thick, high-quality and super flexible spiral cable
- Plastic coating to prevent damage to the bicycle's paintwork
- ABUS automatic cylinder with drilling protection and user-friendly reversible key
- Two keys are supplied in the scope of delivery

Use and application

- Good protection at low theft risk
- Ideal for securing entry-level bicycles

Tips

- Coil cable locks offer a compact transport size and have an extremely multifunctional and practicable length
- The lock is ideal as a second lock for securing components
