UP TO 20 KEYS

Our smart KEYGARAGE One 797 with shackle brings convenience to your key management. Discover the advantages of the app-controlled key box:

• Secure storage and easy sharing of keys
• Lock and open the key box using a numeric code or smartphone
• Tool-free installation and flexible choice of location
• Convenient set-up and clear management via app
• You can securely attach the KEYGARAGE in many places using the shackle. It offers space for up to 20 keys or three car keys or up to 30 access cards in EC card format. If you know the correct numeric code, you can open the key box.

This is practical for handing over keys to guests in a holiday flat - you don't have to make an appointment on site. But you can also easily grant access to tradespeople, cleaners or mobile care services with the smart key box. As the admin, you do this by using the app to create an individual numeric code for the person you want to grant access to - this also works with a time limit.

You can also send an invitation via the app so that others can operate the KEYGARAGE key box with their smartphone. You retain control and can limit or revoke permissions at any time. The key box with sturdy metal housing is IP54 splash-proof and can be installed in protected outdoor areas.

Use the separately available BRIDGE One to control your KEYGARAGE One remotely, manage permissions, optionally receive push notifications when it is used and view the event log.

New name - new app

With the integration of the key storage box KeyGarage™ 797 SMART Bluetooth® into the new ABUS One app, the

product name has also changed to KEYGARAGE™ One 797. The previously used HomeTec Pro Bluetooth® app can still be used to operate the KEYGARAGE for the time being.

Technologies

- Sturdy metal housing provides secure storage space for keys and valuables
- Up to 20 keys, up to 3 car keys or 30 plastic cards fit in the key box compartment
- There are 2 hooks for hanging keys or key rings
- Smart operation and management of the KEYGARAGE with the free HomeTec Pro Bluetooth or ABUS One apps
- Overview of key box use in the app's clear event log
- Automatic locking after the compartment is closed
- Illuminated keypad for convenient input of the numeric code in the dark
- LED for status indication (unlocked, locked, incorrect PIN and low battery)
- Battery compartment for 2 x AA batteries, accessible from the outside

Operation and use

- For secure storage of keys or small valuable objects for authorised persons
- Quick and easy access for frequently changing groups of people (e.g. tradespeople, service staff, holiday guests, vehicle hire customers, care service)
- Share access via an individual six-digit numeric code or by invitation to a smartphone
- Mounting with shackle for flexible and temporary use indoors or in protected outdoor areas (e.g. on door knobs, railings or handles)
- Storage of whole key rings possible thanks to the large internal compartment
- Real-time remote access to all functions such as unlocking, locking, viewing event logs and managing access permissions via the separately available BRIDGE One.

Variants

- Colour: black-silver
- 787 One: KEYGARAGE for wall mounting
