

SECURE AND PRACTICAL

The Chain Lock uGrip™ Chain 585 is the ideal choice when time is of the essence. The bike lock can be closed without using a key at all

This lock will save you a lot of time when you're out and about. With the ABUS automatic cylinder, you won't ever have to search for your key again in order to lock your bike. The ABUS Chain Lock uGrip™ Chain 585 is operated simply by opening the lock and pressing the locking bolt into the lock body. Job done.

The bike lock offers the ideal protection for use in areas with a low risk of theft.

Technologies

- 5 mm square chain with a modern design
- Innovative, elastomer sleeve with Soft-Touch properties provides protection against damage to paintwork
- The chain is made of special steel

Operation and use

- Good protection at low theft risk
- Recommended for securing low-value bicycles
- The longer the chain, the easier the bicycle can be locked to a fixed object

Tips

- Very easy to use, because only one end of the chain has to be locked
