Secvest Wireless Panic Alarm Button

Rapid and discreet help when panic sets in
The Secvest wireless panic alarm button is a detector in the Secvest wireless alarm system. At the touch of a button, a panic alarm can be easily and discreetly triggered to summon rapid assistance when it's needed. This alarm works even when the alarm panel is not armed.

Loud alarm or silent alert
You can decide for yourself whether a loud alarm is triggered locally or whether emergency services are silently notified. The optimal locations for the wireless panic alarm button are bedrooms and entrances, or under a sales counter.

Technologies

* Suitable for discreet alarm triggering which does not attract attention
* It can be mounted under a counter, for example
* Tamper monitoring

Technical data - Secvest Wireless Panic Alarm Button

Battery - max. battery life	2 y
Battery - type	Lithium battery – CR2477N
Compatible with	Secvest, Terxon, BUM060040
DC voltage supply	3 V
Dimensions	(WxHxD) 85x85x52 mm
Environmental class	II
Height	85 mm
Housing material	Thermoplastic material
IP protection class	32

Secvest Wireless Panic Alarm Button

Technical data - Secvest Wireless Panic Alarm Button

Length	52 mm
Max. operating temperature	50 °C
Max. transmission range (building)	30 m
Max. transmission range (free field)	100 m
Min. operating temperature	-10 °C
Modulation	FM
Net weight	0,17 kg
Radio alarm bandwidth	Narrow band
Radio frequency	868,6625 MHz
Security level	2
Width	85 mm
