

## ONE BIKE HELMET - TWO GENERATIONS

A modern and safe bike helmet that appeals to two generations at once. The Youn-I 2.0 model has enabled ABUS to bridge the gap between helmets for adults and helmets for young people.

Adults are role models for children and should therefore also wear a bike helmet. This could prevent many of the serious brain injuries caused by cycling accidents. However, women with smaller heads often cannot find a helmet that fits them properly. With a simple but modern look, this bike helmet meets the needs of both young cyclists as well as many women with smaller heads. The Youn-I 2.0 boasts a simple, urban and fashionable look that appeals to both generations.

## Technologies

- In-Mold for a durable connection of the outer shell with shock-absorbing helmet material (EPS)
- Visor-like front edge ensuring enhanced protection for the face
- Deep temple and neck area for increased all-round protection
- Large integrated rear LED light in a high position with 180° visibility
- Zoom Ace Evo – precise adjustment system with an easy-to-grip adjustment wheel
- Size adjustment with a full ring made from hard-wearing and mouldable plastic for optimum stability and form fitting
- Excellent ventilation with 8 air inlets and 9 air outlets that are connected by flow channels
- Foamed-in fly net
- Passive safety thanks to reflectors

# Youn-I 2.0 blaze red S

## Tips

- This helmet was specially developed for children and their specific requirements
- Rain cap available as an accessory
- There is a color-matching chain lock Catena 6806 Color for the colors gray star, blue mask, gray lightning and cherry heart.

## Technical data - Youn-I 2.0 blaze red S
