

SECURITY IS IMPORTANT. IF IT'S ALSO CONVENIENT, IT IS MORE LIKELY TO BE USED

With the ABUS disc brake lock 275, you can secure your vehicle quickly and effectively against unauthorised access. The 275 combines security and convenience without all the frills. The 5mm locking bolt made of specially hardened steel ensures that your vehicle is kept secure. The convenient cylinder makes it easy to open and lock. Three keys are included in the scope of delivery, just in case.

Technologies

- 5 mm locking bolt
- "push down" - cylinder
- The bolt, body and the structural parts of the locking mechanism are made of specially hardened steel
- Three keys are included in the scope of delivery

Operation and use

- Basic protection where there is a low theft risk
- Recommended for protecting lightweight motorbikes and scooters

Tips

- Disc brake locks are the most compact category of motorbike locks and are therefore easy to transport
- To increase the security during longer parking times, it is recommendable that you also secure the motorbike to a fixed object

Variants

- Colours: Red, Yellow
