

FOR CONTAINERS

Our ConHasp granite hasp 215/100 is very suitable for mounting on containers.

Add this robust hasp to your padlock for even more reliable protection of containers, warehouses, barn doors, truck wing doors and the like. The hasp is made of resistant steel and is manufactured using a special welding process. All parts are corrosion protected. We recommend using them together with a granite padlock for the best possible security.

Technologies

- For additional security of e.g. containers
- Use suitable padlock as locking device: 37RK/70HB100, 37/55HB100 or 83/80HB100
- Extremely resistant steel
- Manufactured with special welding technology for enhanced security
- All parts corrosion resistant
- 37/55 and 37RK/70 with ABUS-Plus cylinder and code card
- VdS-certified: with 37RK/70HB100 and for 37/55HB100

Operation and use

- Fits on standard transport and storage containers
- Installation on both old and new containers possible
- Can also be used on sliding doors, barn doors, lorries with double wing doors, etc.
- Can be secured with existing padlocks (Insurer recommendation: Granit padlock)

Variants

- Colour: black
