

Chin strap Scator(-E)

Seite 1 von 2

Chin strap for Scator and Scator-E safety helmets

The chin straps are the perfect accessory for our Scator (ventilated) and Scator-E (non-ventilated) industrial safety helmets.

The chin straps are specially designed for attachment to the Scator and Scator-E safety helmets. They provide additional safety and ensure that the safety helmet sits even more securely on the head - even in the event of impacts and falling objects.

The chin straps are individually adjustable so that they can be optimally adapted to the shape of your head.

Technologies

- Fork chin strap with 4-point suspension and quick-release fastener
- Replacement accessories for Scator (ventilated) and Scator-E (non-ventilated) construction helmets
- Lateral divider (adjustment point)

Operation and use

- Suitable for the ABUS Scator and Scator-E safety helmets
- Chin straps provide additional protection against falling objects and prevent the helmet from slipping or falling off during movement

Variants

- Colour: black
