

# Steel-O-Flex™ Tresorflex 1355/85 KF

## Technologies

- 15 mm thick, overlapping steel shells protect the internal steel cable
- Plastic coating to prevent damage to the bicycle's paintwork
- Two-component number reel guarantees life-long visibility of the digits
- Special touch protection for increased security against unauthorised access to the code through manipulation of the mechanism
- Dark-touch function facilitates use in the dark thanks to special imprinting
- Individually configurable code

## Usage

- Good protection at low theft risk
- Recommended for protecting entry-level and children's bicycles

## Tips

- Due to the steel shells, the Steel-O-Flex™ locks reach a significantly higher security than common cable locks, yet maintaining high flexibility (Double Protection)
- The combination lock is great for use by several people
