

COMPACT AND RELIABLE

Secure your front doors with narrow profile and glass insert with this additional door lock.

Door security is the be-all and end-all. To ensure that your front doors with a narrow frame profile are adequately protected, it is a good idea to install an additional door lock. The lockable inner cylinder makes this lock suitable for doors with glass inserts. It comes with the ABUS Pfaffenhain cylinder set with outer and inner cylinder V356 + A3. The strong wall anchor and an oval bolt made of solid steel make the lock particularly robust. It can be locked and unlocked from the inside and outside with a key. Three of them are included in the scope of delivery.

Technologies

- Solid extra narrow construction
- Solid wall anchor: concealed fastening
- Backset: 45 mm
- Heavy duty double locking deadbolt: locks with two turns of the key
- With internal and external cylinder set ABUS Pfaffenhain
