

SB15 Bungee Set

Security Tech Germany

Seite 1 von 1

FLEXIBLE AND SAFE

Our universal bungee sets secure and fix objects in the house, garden and on the road in the car, camper van, on the bike or motorbike.

One set contains six bungees as well as nine hooks and a bag. Depending on the object that needs securing, the cable lengths and the attachments can be adjusted in such a way that it nearly always fits.

Technologies

- Four strong main hooks with a steel core
- Hooks can be changed easily and safely thanks to their screw-on mechanism
- Maximum load: 40 kg per bungee
- Set includes: 1x Y hook, 1x extension attachment, 1x cable grommet attachment and 2x safety hooks

Operation and use

- Ideal for leisure activities and hobbies
- Securing and fastening objects such as rolls of carpets, skis and other larger items
- A variety of different bungee lengths and hooks mean that the set can be used for additional varied applications.
