COOL SECURITY

A highly comfortable children's helmet with a cool MTB look. Designed for sports trips - powerful, progressive design.

For children, the cool design of the helmet is what matters most. Parents, however, pay closer attention to comfort and security when buying a helmet. Those aspects can be combined. With the MountX model from ABUS, you get a fitness, everyday and touring helmet for children and young people which, thanks to its features, also appeals to young, ambitious cross-country athletes and off-roaders. If you consider yourself a real mountain biker, the MountX is the right equipment for you.

Technologies

- In-Mold for a durable connection of the outer shell with shock-absorbing helmet material (EPS)
- Detachable visor with blind plugs
- ZoomLite - fine-adjustment system with grippy adjustment wheel
- LED light in the adjustment wheel for additional security at dusk or in the dark
- Size adjustment by means of a full ring made from particularly hard-wearing and slightly malleable plastic for optimal stability and form fitting
- Excellent ventilation with 8 air inlets and 7 air outlets connected with flow channels
- Foamed-in fly net
- Removable and washable padding with maximum wearing comfort
- Soft straps that are simple to fit thanks to practical strap adjusters
- Passive security with reflectors
