

KeyGarage™ 727 Mini wall mounting

Seite 1 von 2

UP TO EIGHT KEYS

Our KeyGarage™ 727 mini key box can be wall mounted and holds up to eight keys.

You can protect your keys and smaller valuables from unauthorised access with this small KeyGarage™. The key box with strong metal housing and a zinc die-cast locking flap is mounted on the wall and can be opened by means of a four-digit number code exclusively by persons to whom you have communicated this code. There is room for eight keys inside. You can also place other small items, for example USB sticks, there. We recommend installing the KeyGarage™ 727 Mini in a protected outdoor area.

Technologies

- Solid metal housing
- Locking cover made from zinc die-cast with plastic dials
- Individually resettable code (4-digit)
- Plastic cover protects against moisture and dirt
- For wall mounting with screws
- Compact size with capacity up to 8 keys
- Outer dimensions of housing: 95 x 62 x 38

Operation and use

- Ideal protected storage of keys and other valuables for authorised persons
- Quick and easy access for frequently changing groups of persons (craftsmen, service, holiday guests, apartment buildings, car rentals)

KeyGarage™ 727 Mini wall mounting
