

THEFT? NO THANKS!

If you want to enjoy your favourite bike for a long time, don't take any risks. Protect your bike with the right chain lock

ABUS's Chain Lock IVERA Chain 7210 provides ideal theft protection when there is an average risk of theft. It's practical too: no key is required for locking saving time. If you have safely attached your bike to a fixed object, you can, for example, relax whilst shopping or take a break in the café without worrying about the theft of your bike.

Technologies

- 9/32" square chain with a new functional, durable and highly flexible Ivy synthetic fibre sheath prevents damage to paintwork
- The chain, the lock body and supporting elements of the locking mechanism are made of specially hardened steel

Use and application

- Good protection at medium theft risk
- Recommended for securing good bicycles
- The longer the chain, the easier the bicycle can be locked to a fixed object

Tips

- Very easy to use, because only one end of the chain has to be locked
-
